

VISD Students and Parents,

Our hearts go out to everyone in our district affected by the flooding of Hurricane Harvey. We know the devastation and upheaval that so many of you are working with right now. The school district is working hard to reopen for our students; we want to help restore normalcy to your lives and help get our students back into a comfortable routine.

Two of our campuses, Oak Forest Elementary and Vidor Middle School, suffered damage that will take several months to correct. It is our goal to reopen next Tuesday, September 19th, for the first day of the 2017-2018 school year. When we return, the students from Oak Forest and Vidor Middle School will move to the locations specified below:

- 6th grade students will attend Vidor Junior High School
- 5th grade students will attend Vidor High School in a **separate, secure wing**
- Oak Forest students will attend Pine Forest Elementary or Vidor Elementary based on the location of their address on file. See the chart below to determine placement location.

We will have campus administrators and staff relocate to the new campus to assist in the transition. It is our hope that this will be a temporary move as we get portable buildings in place for the students to attend.

Please take two minutes to give us an idea of your situation by completing this short survey: [Student Hurricane-Impact Survey](#). This will help us further prepare for the students coming to school next week. Our prayers go out to everyone in our community. We will be putting forth more details soon to help you with understanding these changes.

**Oak Forest Elementary Relocations:**

| Update 09.13.17 - 10:05 a.m.   |                                  |                           |                                  |
